Jaipur, strategically located on international air routes, is the ideal place for trade activities, making it one of the fastest growing city in the country.

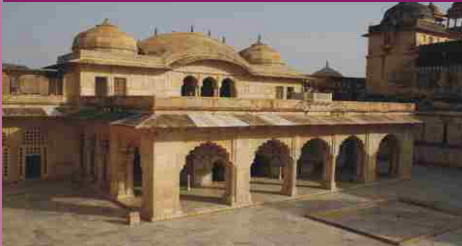

In its pursuit to make Jaipur a global destination, the Government of Rajasthan has welcomed ITE Group India to establish Expocity in Jaipur. With huge manpower, the prospects of key

corporate marketing and administrative establishments in the fields of gems and jewellery, tourism, textile, IT, handicrafts BPO and other trades are bright. Having one of the few international airports in the whole of north India and being on a close proximity to New Delhi, Jaipur appears evemore attractive to international as well as domestic clients making it an important international business centre.

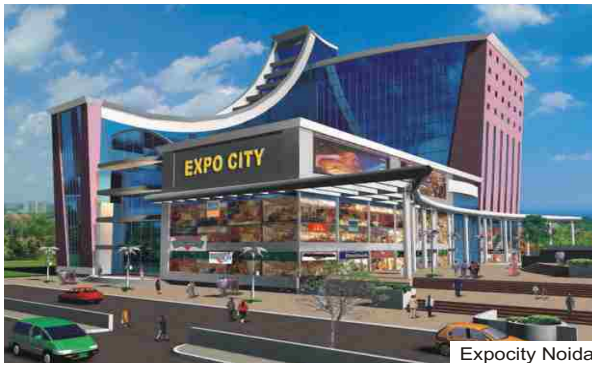

Jaipur's specialization in tourist spots, gems and jewellery, garments, handicrafts and marble has attracted people from around the world, making it a hot international tourist

destination as well. Expocity wishes to come in and give a boost to the national and international trade by building up an environment for competitiveness and business activities.
